To Whom It May Concern:

My name is Bill Frantz, president of Frantz Construction Company; I have been in the construction business for 39 years. I have had the pleasure of working with Jeremy Patterson for the last couple of years and have to say that Jeremy is very knowledgeable in moving houses/structures. We are currently working on restoring a 1900's fraternity house into luxurious condominiums. One of our projects to the house was adding an underground parking area. We relied on Jeremy's knowledge and experience to stabilize the structure as we removed the exterior wall to access the basement. We had another remodeling project that we took a condemned house and restored it to its original form. Once again we used Jeremy expertise to stabilize the house to replace the foundation walls. Jeremy has always been a pleasure to work with and I would recommend him to anyone. Please feel free to contact me anytime.

Sincerely,

Bill Frantz
